## **THE SAMARITAN WOMEN WELCOMES TOM BOOTH TO BOARD OF DIRECTORS**

The Samaritan Women (TSW) is excited to announce that Tom Booth has joined its Board of Directors. His proven business management experience, creativity, and genuine passion for vulnerable children will be an asset to helping us accomplish our mission and its important work.

Tom Booth, co-founder of Booth Brothers LLC and co-owner of CR-Group LLC, has experience in commercial and residential real estate and property management. He is also part owner of two restaurants in Catonsville MD and volunteers his time as a member of the social justice committee at his church. Tom possesses a Bachelor's degree from Towson University.

“We are pleased to welcome Tom as a Board member,” said Jeanne Allert, Executive Director of The Samaritan Women. “Tom brings a wealth of business experience and a strong reputation as a community leader—both of which will be an asset to our work.”

The Samaritan Women – Institute for Shelter Care is leveraging what we have learned in 13+ years of direct service to survivors to teach start-up organizations serving victims of commercial sexual exploitation how to provide a qualified and sustainable shelter program on top of a strong organizational foundation. We also produce national research reports to further inform the field on best practices in shelter services.
